

Legislative Report- 1/13/2013

The 2013 session of the Virginia General Assembly is just three days old, but already it is shaping up to be a very busy and contentious session with most of the emphasis focusing in the areas of transportation funding, uranium mining, restoration of civil rights for felons, gun control related issues, and health care. Bills will continue to be introduced for all of next week and after that time we should know about most of the legislation that will be before the session impacting VUHCC members.

As you may know we have been meeting, and will continue to meet regularly, with the governor, secretary of transportation and senior legislators as we try and fashion a real, adequate, and sustainable funding source for transportation. We are also busy at work evaluating and discussing the lien legislation that is currently before the session, As has been the case in the past, we will continue to oppose legislation that tells our members who they must hire (HB 1882 and SB 1170).

After reviewing the matrix please let me know if you have any issues of concern or comments that might assist your lobbying team as we work on this growing list of legislative issues.

When you open the attachment you can click on anything shown in blue to expand the information shown.

The VUHCC will endeavor to provide you with weekly reports over the next 40 days. Ken and Jim - you are strongly encouraged to forward these reports on directly to your members as that will greatly increase awareness of our activities in Richmond as opposed to just posting them on your website and asking members to visit the site. I hope you will do both.

Thanks,

Mark Singer

Executive Director and Legislative Representative

Virginia Utility & Heavy Contractors Council

1108 E. Main St., Suite 1200

Richmond, VA 23219
